Talk on Zoom

Louise Dunning

*Highlights of the Glass Collection at
Nottingham City Museums and Galleries*

7pm BST, Thursday 15 October 2026

Louise Dunning, Curator of Fine and Decorative Art, will talk about the glass collection at Nottingham City Museums and Galleries. The permanent displays at Nottingham Castle feature some of the collection, which was included for the reopening of the Castle in 2021, following its £30 million redevelopment. These include Lobmeyr, Salviati and twentieth century studio

glass. She will also discuss other highlights of the glass collection, such as the late seventeenth century Bles Bowl, which is housed in new art stores in Nottingham.

Louise has worked at Nottingham City Museums for 10 years, having previously worked for 15 years at Derby Museums.
